

IFALPA Children's Visiting Programme

November 2000

To IFALPA Member Associations

Dear Sirs,

For more than 20 years the "IFALPA Children's Visiting Programme" has been an opportunity for children of IFALPA Members to visit a different country and to live with a family of another IFALPA member. For many years, this IFALPA programme has attracted numerous interested youngsters from a variety of countries.

With the beginning of another season approaching, again we hope for many successful visits. It is an opportunity unequalled for our young people to experience a cultural exchange, a vacation and new friendships!

The success of this programme very much depends on the interest of IFALPA members and their families to host a youngster from a foreign country for a prearranged period of time. ***Your support is needed to publish this information within your Association.*** The programme will only continue to flourish if your members know of its existence!

If you need further information, please do not hesitate to contact IFALPA !

Thank you very much for your kind cooperation.

Yours sincerely,
